## ABOUT DEW JOURNAL & DEW JOURNAL LIVE

DEW journal ([www.dewjournal.com](http://www.dewjournal.com)) published MONTHLY by Technology Publications is an internationally circulated journal focusing on energy, oil & gas, engineering, information technology, marine & shipping, machine & tools, HR & training and finance. DEW Journal has Three Supplements published periodically.

**HUMAN RESOURCES**

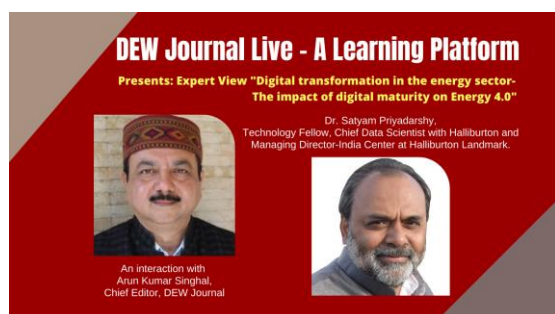

**MARINE & SHIPPING**

**MACHINE & TOOLS**

DEW Journal also has a Video Channel - DEW JOURNAL LIVE that covers short technical videos on important research, technology and expert views towards disseminating technical information while we all are maintaining social distancing. DEW JOURNAL LIVE videos can be viewed on [tinyurl.com/DEWJournalLive](https://tinyurl.com/DEWJournalLive)

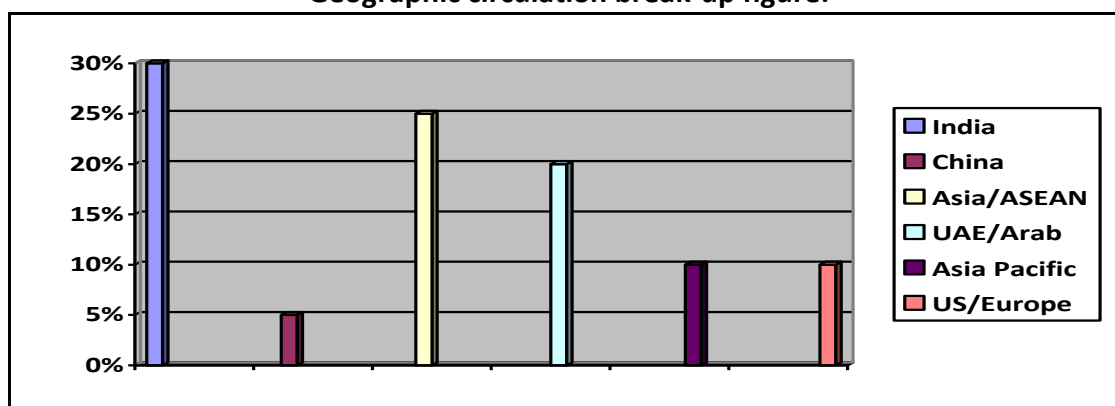

## MAJOR AFFILIATIONS AS MEDIA PARTNER

5<sup>th</sup> South Asian Geoscience Conference and Exhibition – GEOIndia 2022, Hyderabad, India  
 Digital Twin Conference 2022, US (Virtual Event)  
 28<sup>th</sup> World Gas Conference, May 2022, Daegu, Korea  
 Gastech Conference & Exhibition, September 2022, Fiera Milano, Italy  
 + Many more international events.

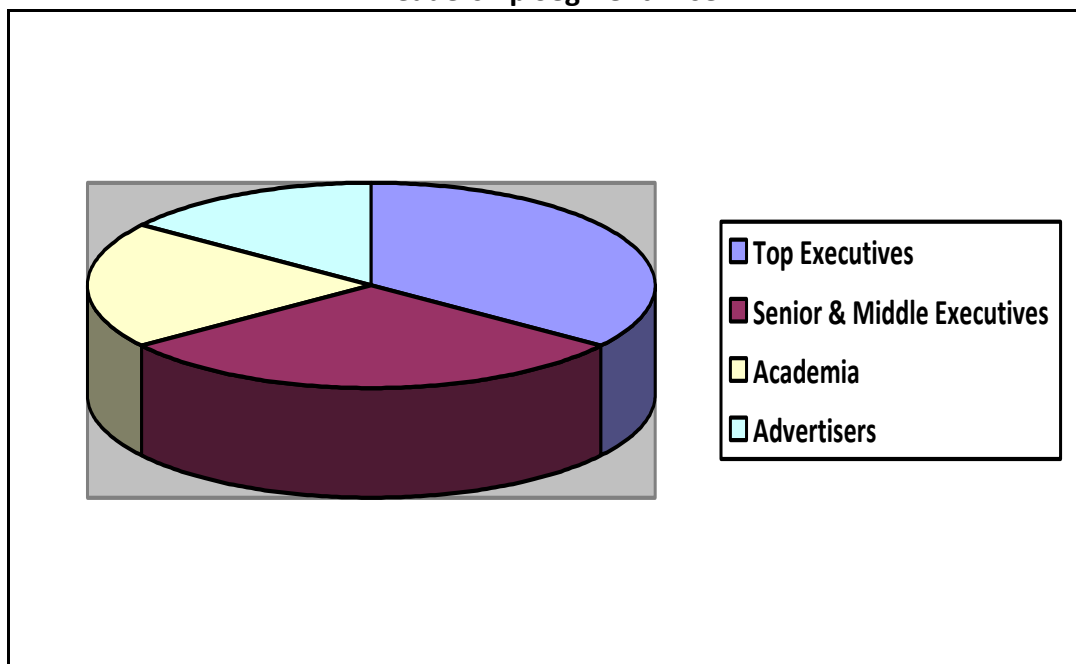

## CIRCULATION & READERSHIP

DEW Journal is circulated around the world; however its focus is Asia, ASEAN, Middle East, Arab countries, Asia Pacific region countries, US, Europe and India. The Journal is patronised by regional and international technical societies, event organisers, O&G and engineering companies, individual experts and academia.

## Editorial Calendar\* January 2022 to January 2023

### **JANUARY 2022**

#### **Focus Areas:**

- Software and IT solutions for oil and gas industry
- Alternative Energy, Bio fuel Technology and Agri oils, lubricants & greases.
- Industrial Rubber oil tools; Automation in Oil and Gas industry

**Cover focus : Women in Energy, O&G, Engineering and Academia**

### **FEBRUARY 2022**

#### **Focus Areas:**

- Decarbonisation – O&G and Shipping & Maritime
- Artificial Lift, Asset Integrity and Subsea operations
- Oil field chemical & lubricants; Critical Power Control Systems and Instrumentation.

**Cover focus : Energy Outlook & O&G Technology**

### **MARCH 2022**

#### **Focus Areas:**

- Pipeline Hot tapping & Plugging, Cleaning and Industrial greases.
- Petroleum Geosciences. G&G Services/Technology/Products
- LNG, FLNG, Gas Trading, Shale Gas, CBM and Gas Hydrates and Technology
- Path-breaking research in Downstream sector

**Cover focus : Geoscience. Special Supplement focus: Downstream sector R&D**

### **APRIL 2022**

#### **Focus Areas:**

- Geoscience, IT solutions for oil and gas industry; Deepwater Exploration
- Marine technology solutions; Subsea and Deepwater technology
- IOR/EOR, Drilling Fluids and Cementation
- Remote Sensing and Role of GIS.

**Cover focus : Geology/Geoscience**

### **MAY 2022**

#### **Focus Areas:**

- Finance and Project Management
- Emerging Trends in oil & gas refining, petrochemicals and chemical technology
- Oilfield Automation; Industrial IoT, Cloud Computing & Cyber Security.
- HSE Management ; Unconventional Resources, Renewable energy and HSE.

**Cover focus : Refining & Petrochemicals.**

### **JUNE 2022**

#### **Focus Areas:**

- Geoscience, IT solutions for oil and gas industry
- Natural Gas, LNG, FLNG, Gas Trading, Shale Gas, CBM and Gas Hydrates.
- Asset Integrity Maintenance and Energy Infrastructure Management
- AI and Big Data Science.

**Cover focus : Natural Gas, Geoscience & IT**

## **JULY 2022**

### **Focus Areas:**

- Project Management – Natural Gas Pipelines.
- Hydrocarbon Projects, Structural Engineering, EPC; Infrastructure management
- IOR, EOR, Hydraulic Fracturing, Drilling, Oilfield Chemicals and Flow Assurance Solutions.
- Key oil & gas industry trends and outlook.
- Impact of digitalisation in Energy and Oil & Gas/AI/Data Science

### **Cover focus : Engineering & Technology**

## **AUGUST 2022**

### **Focus Areas:**

- LNG, FLNG, Gas Trading, Shale Gas, CBM, Gas Hydrates and Hydrogen.
- Pipeline Hot tapping & Plugging, Cleaning and Industrial greases.
- Unconventional Resources, Renewable energy and HSE.

### **Cover focus : Natural Gas**

## **SEPTEMBER 2022**

### **Focus Areas:**

- Refining and Petrochemicals Technology ; Industrial lubricants and greases.
- Finance and Project Management.
- IT-OT for Flow and Gas measurement, Valves, Fittings and LPG
- Innovation in HR & PR practices for effective info. dissemination - Energy and O&G.

### **Cover focus: Finance/Project Management**

## **OCTOBER 2022**

### **Focus Areas:**

- Digital Oil Fields, Artificial Intelligence, Cyber Security
- Petroleum Geosciences/Technology/Products; Deepwater E&P; Offshore Engineering.
- Energy efficient Fuels & Lubricants
- Industrial Control Systems, Industrial Automation, Process Safety and Future Mobility

### **Cover focus : Fuels, Lubricants & Greases and HSE**

## **NOVEMBER 2022**

### **Focus Areas:**

- Drilling Bit Technology; Drilling and Offshore Oil & Gas Technology and Services
- Metallurgy; Corrosion resistance tubing, hydraulic lines and drilling risers.
- Pipeline Integrity, safety management and Instrumentation & Control Systems
- Engineering consultancy and EPC service providers.

### **Cover focus : Engineering, O&G Pipeline and AI**

## **DECEMBER 2022**

### **Focus Areas:**

- Shipping & Maritime
- Offshore support vessels, helicopters in oil and gas industry.
- Alternative Energy, Bio fuel Technology and Agri oils, lubricants & greases.
- Industrial Rubber oil tools; Automation in Oil and Gas industry

### **Cover focus : Helicopters in O&G Industry**

**JANUARY 2023**

**Focus Areas:**

- Renewable energy, Tribology & Energy Conservation
- Refining and Petrochemicals Technology ; Bio fuels, lubricants and greases.
- City Gas Distribution, LNG, FLNG, Gas Trading, Shale Gas, CBM and Gas Hydrates
- FPSO, Deepwater Drilling Rigs and Construction Technology
- Simulation, Software and IT solutions for oil and gas industry

**Cover focus : Women in Energy, O&G, Engineering and Academia**
